**Veterans Returning Local Jottings Seeding Well Forward**

With the progress of demobilization veterans are returning to Strathmore and district every other day.

Nursing Sister McEhose, arrived in town on Friday, on a visit to her brother, Mr. F. T. McEhose. Miss McEhose has had a long stay on the war fronts looking after the wounded, but is in good health, and enjoying her return to Canada.

Joe Price, a Strathmore old soldier, arrived in town last week and is back in his old job with the C.P.D., as also Geo. Snideman, another Strathmore man who has been overseas for some years.

Fred J. Anderson, son of Mr. and Mrs. H. J. Anderson, who saw service in France with the 10th Bn. since last summer, is returning with that portion of the Battalion which arrives in Calgary to-day.

W. F. Steele is returning with the same party to-day. He is going back to his old job with Mr. Anton Pierson, Cheshire.

Another thing that Strathmore wants to look after is the condition of the roads into the town. Last week the worst loties in the road were those within half-mile of the town. We understand that work is being done on these this week.

**Archibald MacDonald** arrived back from the East last week to handle one of the C.P.D. camps.

**Board of Trade Notes**  
(Continued)

We hear that some opposition has developed to the proposition regarding the sale of town lots and exemption from taxes to those who build this year. It would seem reasonable that any method, that would relieve the scarcity of residences would be desirable.

A public reception for the returned boys that would give the public a chance to show their wholesome appreciation for their noble efforts and safe return home seems to us the proper thing and we hope that our council will take the question up at once.

We hope soon to hear that the last committee has been galvanized into activity.

Rumor has it that there is a reasonable chance of a bond being formed and we hope that the public will give them their hearty support.

Permanent quarters for our Great War Veterans Association is another important question which will have to be settled, for as the boys return, the matter becomes more urgent.

Several parties motoring through from California stopped over at the King Edward Hotel last Wednesday.

Mr. J. A. Tully, I.O.O.F. organizer, was in Strathmore last Wednesday.

A large attendance is looked for at the Red Cross Dance, which comes off on Friday of this week. Tickets are on sale by the ladies of the local branch, by members of the G.W.V.A. A good time is assured, and the cause is a very worthy one.

**School Fair Organized**

At a meeting held on Thursday afternoon, an address was delivered by Mr. Holton, of the Olds School of Agriculture, and afterwards it was decided unanimously to organize a School Fair.

Mr. Holton gave a lucid explanation of the method in which the fair would be organized, and explained the prize list.

The idea was to encourage the study of agriculture among the children of the district, and Department would supply the seeds, give demonstrations, etc., and provide a prize for the five best.

They would also send a lady demonstrator or down during the summer months in connection with the Domestic Science competitions.

Mr. Holton in the afternoon, addressed the children of Strathmore school, and found them enthusiastically in favor of the fair.

A committee was formed, consisting of W. Vickery, chairman; Rev. J. P. Bell, secretary; Mesdames Stockton and Hall; Messrs. A. H. Haines, A. J. J. Weyers, John Mackenzie and W. Reynolds. Power was given to the committee to add to their number. Letters explaining the scheme were sent out about sixteen rural schools in the district surrounding Strathmore with application blanks for seeds, etc.

It is proposed to hold the fair sometime in September, and the co-operation of everyone in the district is invited to make it a success. Information will be furnished on application to the Secretary, Rev. Berry.

Mr. Anderson, of Calgary, has bought the Schmitter place at McAllister Lake, and is going to run it as a garden and nursery. His wife and family will arrive here very shortly.

Mr. Hughbourne, Calgary, has been visiting her brother, Mr. J. H. Brand, over Easter.

Brand's Store Easter Millinery Display last week was very successful, and Miss McNeill, the milliner who was down here last week supervising the sales, was very well pleased at the results achieved.

We have to guess what the future, and the merchant who doesn't advertise, have to store. Eye-Opener

Lieut. French, Royal Flying Corps, was visiting his brother here last week.

**G.W.V.A. Meeting**

A successful meeting of local veterans was held in the Town Hall on Friday evening in connection with the local Branch of the Great War Veterans Association. A number of the newly arrived veterans were present, and more than half-a-dozen application forms for membership were filled out.

Motion were passed endorsing the Calgary G.W.V.A. proposition for a \$2000 bonus to all men who have served in France, also that of Winnipeg Local in connection with the deportation of undesirable aliens, and the non-admission of religious sects like the Mennonites who will not conform to the laws of Canada.

Action was also taken in regard to the appointment of veterans in local Government positions.

A number of other matters were dealt with. The Charter for Strathmore local arrived on Monday of this week, so that the Local is now on a regular footing.

Nearly all the returned men in this district have found employment and the C.P.R. has played a very praiseworthy part in this, as they are giving preference to all returned men who are eligible for a job.

## Help the Y.M.C.A. Finish its Work For Soldiers

### Wedding at Namaka

#### BIGGAR — PINCHES

A pretty and interesting wedding took place on the 16th of April at Broadford Farm, the home of Mr. and Mrs. H. E. Thompson, when Miss Mary Pinches, youngest daughter of Mr. and Mrs. Wm. Pinches of London, Ont., became the bride of Mr. Robt. Biggar, a popular farmer at Namaka.  
The bride was given away by H. E. Thompson, brother-in-law of the groom.  
The bride looked charming in a dress of crepe-de-chine and George ette crepe, and carried a bouquet of white roses.  
The bridesmaid was Miss Isabel Lawrie, niece of the groom, who wore a dress of pink voile and carried a bouquet of pink carnations. Mr. E. Wilson supported the groom as best man. Only the immediate relatives were present and at the ceremony partook of a dainty luncheon prepared by Mrs. Thompson, sister of the groom.  
The couple were the recipient of many useful and handsome presents.

## Anzac Colony

A Solier Settlement 25 Miles  
N.E. of Strathmore

The C.P.R. is working out an  
interesting scheme for the settle-  
ment of war veterans on the land,  
near Chancellor, 25 miles N.E. of  
Strathmore. The scheme has been  
in operation now for about a year,  
there are about twenty-seven farms  
taken up, and it seems to be  
attended with a lot less friction than  
characterizes the Government  
scheme, to which the settlers much  
prefer it.

Broadly, under the new scheme  
each settler is supplied with 240  
acres of land, with barn, house,  
well, and other improvements,  
thirty acres of land broken, a team  
of horses, and also cows, chickens,  
etc. There is an excellent shed  
with a full outfit of implements for  
each three farms. The buildings  
are located close together, so that  
social life can be maintained, and  
the colony is only two and a half  
miles from a railroad. The settler  
is a tenant at will for three years,  
during which time he pays nothing,  
and after that he pays one twentieth  
of the principal each year, with  
interest at the rate of 6 per cent  
per annum. The cost of the land

is less than the current price for  
land in the district.  
There is a Demonstration Farm  
on the Colony where settlers can get  
advice and instructions, and every-  
thing is being done by the C.P.R.  
to make the settlers' efforts success-  
ful. The men, who are all married,  
they being entirely a household  
paradise, are taking well to the  
scheme, and are extremely well  
satisfied.

**COLOONY NOTES**  
Several new settlers have located  
lately on the Colony, these being  
Liam Rogers, Gleadow, Liam  
Ritchie, Calgary, and Pie Dave  
Kernack, Calgary. The latter is  
married to a sister of Mrs. J. H.  
Harwood, Strathmore.

A local of the U.F.A., known as  
Angus Local, has been formed on  
the Colony, Mr. Crow being the  
secretary.  
Three of the settlers were in at  
the Strathmore Headquarters of  
the C.P.R. Animal Husbandry Branch  
last week selecting cattle. These  
were Messrs Chas. Ratney, Bud  
Shilling and Wm. Campbell.  
A daughter was born to Mr. and  
Mrs. Chas. Ratney at Strathmore  
last week.

## Trial of Ex-Kaiser Not For Belgium

Paris. — The Belgian delegation at the peace conference informed the president that Belgium had no objection to the trial of the former German emperor, but that the Belgian government would be obliged to decide to take the steps even if there were any request for such action.

The Belgian delegates hold that any action should be taken by a commission representing all the associated powers. The official Belgian view, it was said, is that the former emperor cannot be arraigned for declaring war or violating the neutrality of Belgium, or for any act preceding or coincident with the declaration of war.

After pointing out that there is no tribunal competent to hear such charges against the former emperor, and no provision of international law dealing with such cases, the delegates said that Belgium would not be the powers guilty of such possible under the criminal code of Belgium.

The delegates said that the powers should be placed on trial, as theft, murder and other crimes committed during the war do not make them the criminals of responsibility.

"If the commission desires to assign General Bismarck von Manteuffel for the sinking of Lusitania, General von Schrodter, for the murder of Captain Frey and General von Sarnow for the execution of Mrs. Edith Cavell, all the necessary documents will be forthcoming," said the general secretary of the delegation.

But Belgium does not seek revenge. It wants only justice. It would be small satisfaction to lock the Kaiser up for a few months in the Saint Gilles prison, and then have reported that such revenge has been offered Belgium as a salve for her wrongs.

What Belgium wants is to understand the Belgian character, if they thought it would be acceptable.

"The only case in which the personal responsibility of the former emperor for a criminal action committed in Belgium could be established beyond doubt, is in the attacks attending the deportations of civilians and compelling them to do forced labor in Germany. In this case, his responsibility is unquestionable."

### Where They Belong

Over Two Hundred German Submarine at British Sea

New York. — Lord Admiral Sims, who commanded the United States fleet during its war activities, said that he believed there were 200 German submarines at the bottom of the sea.

In a speech at the Bond club, Victory Loan conference, he said: "The fleet, I am sure, is scattered all over the bottom with indications showing that many of the new craft inside either committed suicide or killed each other."

Machinery for Norway  
New York. — The liner Regensburg, sailing for Norway, took a cargo of machinery, the first of the kind which has gone from the United States to that country since the war began.

Norway formerly getting its machinery from Germany, is now turning to the American market for it. The line also carried representative of some prominent American manufacturers, going to Europe to study the international trade situation.

Quiet in Odessa  
Athens. — There had been no disorders in Odessa since its evacuation by allied troops.

## China Orders Japan To Leave Shan Tung

London. — The seizure of Shan Tung by the Japanese forces is the text of a very pessimistic editorial in the Daily News, which points out that the future not only of the far east but of the whole world is at stake.

"Today," says the Daily News, "Japan is practically master of northern China and potentially of much more. Unless the peace conference can right the wrong done to the Chinese will the rice from the heart of the Japanese be captured, developed, and distributed by that engaging power."

"Is this thing to happen? If it does, it means no great effort of imagination to see what goal it leads to."

### Holland Fears Bolshevism

German Border Strengthened to Prevent Smuggling of Munitions

The Hague. — The border along the German border has again had to be strengthened because of the efforts made by Bolsheviks to smuggle arms and munitions to Holland.

Ten Germans were arrested and twenty who were trying to come into the country were turned back. Every traveler who enters Holland is searched in Amsterdam. There is much interest in Amsterdam due to the demobilized soldiers, who, with a requisired guard come together for duty and parade through principal streets. While the police are engaged in trying to disband these soldiers, the former soldiers, who are engaged in trying to disband these soldiers, are engaged in trying to disband these soldiers.

### Anarchy in Munich

Robbers are Looting Shops and Threatening Banks

London. — Complete anarchy reigns in Munich, according to a dispatch to the Exchange Telegraph. All work has ceased. Traffic is not running, and robbers are looting shops and threatening the banks.

The dispatch states that the robbers are said to have looted the post office. The German government troops have occupied the entire town of Muehlhausen, according to a dispatch to the London Times.

The only case in which the personal responsibility of the former emperor for a criminal action committed in Belgium could be established beyond doubt, is in the attacks attending the deportations of civilians and compelling them to do forced labor in Germany. In this case, his responsibility is unquestionable."

### Threaten to Use Force

Czech Forces Concentrated at Ottowa in Silesia

Warsaw. — Advances from Cracow state that Czech forces have been concentrated at Ottowa and Silesia, close to the line of demarcation between Czech and Polish armies in that region which was freed by the allied mission sent there. It is said that the Czechs have announced that they will settle the frontier question by force of arms.

Czech military forces are said to have entered Polish territory at Lysy, where it clashed with a Polish force, several Polish being wounded.

### Will Claim Damages

Paris. — German agents claim to have secured from the allies, according to the Frankfurt Gazette. It says the German negotiators at Versailles will ask payment for damages sustained from aerial attacks, from the occupation of German territory by the allied troops and for the delays in concluding peace causing a prolongation of the Bolshevik and Russian trouble.

Ambassador Going to Tokio  
Washington. — Viscount Ishii, Japanese ambassador to the United States, will sail for Japan to be officially announced at the Japanese embassy.

"The ambassador is returning to Tokio for a conference regarding various matters before the Japanese government," the embassy declared. The ambassador will depart the first of May."

Quiet in Odessa  
Athens. — There had been no disorders in Odessa since its evacuation by allied troops.

### Raw Materials For Germany

May Be Allowed Before Peace Treaty Becomes Effective

Paris. — The council of four of the peace conference went into session with the question of the Adriatic again before it for consideration.

Arthur J. Balfour, British secretary for foreign affairs, took the place at the council session of President Lloyd George, who has gone to London.

The supreme economic council is considering the question of permitting Germany to have certain raw materials before the peace treaty becomes effective with a revision of the blockade regulations so that exports are good for favorable action. The economic council members are also considering a plan for the conservation of the salt and soda. Belgium has been asked to name a delegate to sit on the economic commission.

### Trade Outlook Bright

Market Is Opening for Sale of Canadian Products

Ottawa. — Callings to the Canadian trade commission in Ottawa from the Canadian mission, London, states that there is a promising outlook for the sale of Canadian products, especially of foodstuffs in Scandinavia, Denmark and Holland.

Import regulations for these countries have been undergoing considerable revision. Estimates as to the volume of imports into those countries, it is understood, must be furnished by consignees, but on this point there is little difficulty, and the supplies are for home consumption.

Considerable quantities of foodstuffs have been consigned especially to Denmark within the last month, such as wheat, flour, oats and pork products. Permits will be granted freely.

### No Russian Approaches

London. — In answer to a question from John R. Clynes, a labor leader, whether approaches have been made from the Russian government, the premier said: "We have had no approach of any kind from the Russians has been put before the commission."

### Wants Treaty Revised

Demands Annexation of Land in Rhine Province

Paris. — The council of four took the request of Belgium for a revision of the treaty of 1839 and Belgium's demand for the annexation of the Moselle valley.

Malmedy, in the Rhine province of Prussia, southwest of Alsace-Champagne, and Metz, a small section of No Man's Land, the disposition of which was left undecided at the Versailles conference. It lies between the Belgian province of Liege and the Prussian Rhine province.

Until the outbreak of the war, Metz enjoyed the unique position of being without either a government of national allegiance. Its residents served in no army, paid no taxes and had no such modern institutions as railways, posts and telegraphs, depending on such accommodations as were provided by adjacent countries. The only government consisted of a municipal administration.

## Turkey May Start Next World War

Germany Has Until May 15th

To Sign or Refuse to Sign the Peace Treaty

Paris. — The allied governments, according to the Tamps, apparently have decided not to wait beyond May 15 for a definite answer from Germany as to whether she will sign or refuse to sign the peace treaty.

The meeting of the delegates of the eighteen powers was presided over by M. Clemenceau, who communicated to them the date on which the Germans would be invited to Versailles.

One question considered was whether the invitation should be issued in the name of the council of the eighteen powers or the allied and associated powers of the peace conference.

The impression prevailing after the meeting was that all should join in the invitation. The council of ten met after the delegates of the eighteen powers, and considered the procedure to be adopted at Versailles.

London. — There will be another world war beginning in June, 1906, according to a writer in the British Journal of Astrology. This prophet, who signs himself "Sepia", asks for a serious hearing, inasmuch as he claims to have calculated a year in advance, in each case, the exact date of the war of 1914 and of the cessation of hostilities.

"The first phase of the next war," he writes, "will begin with Turkey, whose perfidy will lead to its final overthrow in 1917-18. At this time Prussian intrigue will dominate the position in the east, affecting Greece, Turkey and Russia. But, according to my calculations, the great crisis will not be reached until June, 1906."

"In this great war, which may be regarded as Prussia's counter to the war of 1914-18, the greatest forces take their rise in Vienna and Berlin, through the intrigues of Prussia, descend, via the Black sea and Turkey in Asia, to the Syria and Palestine."

### LET'S WAKE UP!

Our town should wake up to the fact that some one else is occupying the seat that really belongs to us. This intention represents an attempt to take our town over by force. The intruder will keep his place. Only when we decide on the policy of co-operation are we fully awake. We have seen the havoc and ruin of neglected home interests. Now is the time for co-operation.

"If I only out of town and buy out of town and all of our neighbors get out of town, what in thunder will become of our town?"
